**Of the Awful Massacre of Paoli, in Which Sick  
and Wounded Revolutionary Soldiers  
were Brutally Killed.**

West Chester, Pa., Sept. 12—Extensive preparations are being made for the observance of the one hundred and twenty fifth anniversary of the massacre of Paoli, next week and if good weather shall prevail the monument grounds near Malvern where the celebration will take place will swarm with several thousand people including prominent members of the Sons and Daughters of the Revolution and various other patriotic societies. The programme will consist of patriotic music and addresses by several orators of note.

It was on the night of September 20, 1777 that the troops commanded by General Mad Anthony Wayne retreating from the Battle of Brandywine were surprised by the British general afterward known as "Flint" and made sure of it took their flints away whence his nickname. Flintless.

The night was an early dark and the Hessians followed the Americans with out a moment's warning and bayoneted them only the genius of Gen. Wayne saving the entire army. After the Continental troops had retreated, the sick and wounded were cruelly put to death and the camp burned. On the following day, 33 of the victims were buried in one grave and during the remainder of the Revolution the battery which fired the hearts and strengthened the arms of the patriots was known as Paoli.

In 1877 just 160 years after the massacre the present monument was erected over the spot where the patriots were buried. It is a modest shaft of Quincy granite, surrounded

## Because of Severe Damage by Frosts in Several States--Semi Panic on Chicago 'Change.

The Royer bill which was introduced at the beginning of the special session was passed by the senate after several amendments had been voted down. The bill as passed does what Mr Royer intended the act of last winter should do, namely, remove the \$300 limitation which was placed upon the jurisdiction of the supreme court by the act of 1898. In other words the Royer bill restores the law which existed previous to 1818. The action taken by the senate is not in accordance with the suggestion contained in the governor's message namely that the law of 1898 should be reenacted, but it removes the limitation and instead of lessening the supreme court's jurisdiction which was the effect of the so-called Royer act of last winter, the jurisdiction of the court is widened by the removal of the property limitation, as was the intent of the measure passed at the regular session.

The Ohio League of Municipalities in session here took action upon the pending municipal code. A resolution was adopted and presented to the assembly urging the widest possible range of home rule.

Monday will be observed by the

in the Busy Season.**

**Accidental Deaths.**  
Columbus, O., Sept. 12.—Charles McIntyre, a lineman, accidentally grasped a live wire while working on an electric light pole and was thrown to the street below meeting instant death. Mrs. Jane Thornton 70 was struck by a northbound Toledo and Ohio Central passenger train at the Moler street crossing and instantly killed. James Dwyer, 27 was struck by a Rocking Valley freight train at the West Broad street crossing of that road, meeting injuries which caused his death an hour later.

**Mayor Johnson's Ambition.**  
Cleveland, Sept. 12.—Mayor Johnson, replying to an inquiry from a Springfield, O. newspaper, asking if he was a candidate for governor and for president, wrote as follows in reply "I am not a candidate for anything except for mayor next spring. It is my belief that my field of usefulness lies very close to the city of Cleveland."

## Seven Non Union Men Attacked by Mob of 300--Pres. Baer Lays in Sup- ply of Wood for Winter.

Reading Pa. Sept 12—What might be construed as an indication that the coal strike is not going to end very soon, was the sight of men today on Church street, transferring a large pile of wood into the basement of the Baer building owned by the Reading Railway president. It was stove size and it indicated that the arbiter of hard coal trade and the man who controls most of the mines had himself been caught short of fuel as well as many thousands of others.

## Is Badly Wanted by the Authorities of the City New Orleans.

New Orleans, La. Sept. 12.—Search for Mrs. M. A. Dauphin, widow of the great Louisiana lottery king, who has been indicted by the grand jury for perjury, so far has been unavailing. She is said to be in New York. Gov. Heard has asked the governor of New York for requisition papers, and a determined search will be begun for the widow, who has \$400,000 worth of securities which the court has adjudged to belong to the heirs of Mr. Dauphin by his first wife.

President Mitchell will hold a  
Conference with Governor Stone  
Tomorrow Morning Upon  
the Strike Question.

Wilkesbarre, Pa., Sept. 12. — President Mitchell completed arrangements for a flying trip to Philadelphia and Harrisburg. He will address the united labor councils of Philadelphia and on Saturday morning will start for Harrisburg, where he will hold a conference with Governor Stone. He expects to return to Wilkesbarre Saturday evening. George W. Purcell, national board member from Indiana, who has been in West Virginia for some time past, arrived in town. He had a conference with President Mitchell. He said the strike in the New River district, West Virginia, was progressing favorably to the miners. H. Gailord Wilshire, a socialist, was closeted with Mr. Mitchell for some time. Wilshire is of the opinion that unless the strike is settled in a short time there will be a social revolution in the country.

**Labor Strife in Spain.**  
Barcelona Spain, Sept 12.—The

local authorities have requested the ministry of the interior to maintain martial law on account of the attitude of the strikers. The situation at Barcelona is acute in consequence of the determination of the authorities to suppress what is described as a genuine labor movement. In addition to minor strikes the railroad workers are protesting against their long hours and setting forth other grievances and the movement threatens to result in a general cessation of work at any moment on all the Span-

Camp Roosevelt.  
Washington, Sept 12—Hon. John  
Hay, secretary of state, has accepted

may secretary of state, has accepted an invitation to be present at the dedication of Camp Roosevelt which is to be a feature of the coming Grand Army encampment and to deliver the oration. Camp Roosevelt is to be located on the White Lot grounds, just south of the White House. The tents which will be constructed there will be used for reunion purposes. The dedication will occur Monday afternoon, Oct. 6.

San Francisco Sept 12 -- The steamer Jessie Barning formerly the

British steamer Cutch arrived here from Seattle en route south to join the Colombian navy Captain Marmaduke, who was a participant in the historical Merrimac Monitor fight admitted that the steamer had been converted into a man-of-war for the Colombian government and that he would command her

Wilkesbarre Pa., Sept. 12 — President Mitchell received a draft for

£1,000 from the Welsh miners. The donation was made to the American miners at a meeting of Welsh miners held some time ago.

## OIL NEWS FROM THE OHIO FIELDS.

### Two Deals Have Been Consummated in the Wood County Field.

Each is Comparatively Small But the Transfers Will Have Some Effect on the Field.

Other Oil News.

The older Wood county field can at present be said to be in a state of activity, which must occasion general surprise when the predictions of past years are remembered. This district about Bowling Green is still producing as much oil as it did in the palm days five or more years ago, and the new work under way promises to keep the averages up to a good figure for some time to come.

Two deals in property have been made this week both of which though for small considerations have some effect on the work in the field.

Forbidge & Carney sold their wells on the R. L. Parker farm, section 21, Middleton township to Chaney & Co. of Toledo. There are two wells completed on the farm and a third is now in the sand with a showing for a good producer. The two wells heretofore completed are old ones and have a daily production of about 6 barrels. The consideration paid was \$6,000.

Ralph Bros. have purchased from Sunham & Messenger three wells on the Thomas Pray farm in section 29, Waterville township for \$2,500. The wells were among the first drilled in the Waterville field and are now making only about 2 barrels per day. The farm consists of 20 acres and adjoins the Shoemaker lease which is also held by Ralph Bros. and which they will connect up and operate together with the Pray.

**The Northern Field.**  
One of the best wells in this portion of the field is what the No. 2 on the Carn Bros. farm, section 32, Waterville township, Lucas county, and is now a very small pump.  
The Ohio Oil company is drilling a test on the Joseph Rader farm in section 23, not far distant from an old well which is a light producer.  
On the E. E. & E. C. Kline section 24.

the water before drilling deeper. This well is only 200 feet from a hole which Munir & Co. drilled 1 or 2 years ago and which at the time was considered a big producer. In the same section the Wood County Oil company is still drilling at No. 2 on the H. V. V. farm.  
In section 14 two wells are drilled April & Co.'s No. 2 on the Mary C. April farm and R. R. Lanchis No. 20 on the C. Weaver farm.  
**The Central Field.**  
At Portage in section 7 of that township The Exchange Oil company is just completing No. 17, on the L. D. Langmade farm and will have an excellent producer, it probably being worth about 125 barrels. No. 16 started off on salt water but appears to give promise of being a producer after the bothersome stuff is exhausted.  
In the same section Beatty & Diller are drilling No. 3 and 4, on the W. England farm.

In Monclova township of Lucas county W. H. Gilbert has completed a dry hole on the G. Wackerly farm, section 3, which is three quarters of a mile west of his nearest well on the Vaidett farm. The Wackerly was drilled to a depth of 100 feet in the sand but showed no signs of oil.

## Your Liver

Will be injured by its natural duties and your biliousness, headache and constipation be cured if you take

### Head's Pills

Sold by all druggists. 25 cents.

The Ohio Oil company has just completed No. 33 well on the G. C. Deuter farm, section 19, Portage, although it has been previously reported as a finished well. It was first drilled in and pumped off small, after which the drill was sent further and the well is now good for about 40 barrels.

**In Plain Township.**  
On the H. L. Kramer farm, section 26 Plain, F. O. Sargent has completed his No. 4 well and has a duster. This has been one of the up-and-down farms of the field and such a dry one is a surprise. The well pumped a very small amount of oil and then went completely dry. No. 3 on this farm which was completed some time ago, started at 100 barrels the first 21 hours and made something like 700 barrels in two weeks but has rapidly declined. This farm was drilled over when oil was away down in price and then furnished some of the record breaking wells but it was not profitable then and has never made any money for operators since.

On the May E. Lamb farm, section 35 Montgomery & Stitt have completed their No. 5 well, but it is pumping salt water there are indications that it will make a pretty good well.

**Liberty Township.**  
In section 1 Liberty McIntire & McManus have completed their No. 3 on the H. McMahon farm and were putting the tubing in Tuesday. It doesn't appear to be much of a well.

The Exchange Oil company has No. 13 well in the sand on the Lehman Bros. farm also in section 1 with a nice showing. The rig is in for No. 14. I. W. Shirley is also drilling on the A. A. Emswiler farm in this section.

Shirley is also drilling Nos. 14 and 15 on the W. A. Sargent farm, section 12 Liberty and in section 1 Klouser & Co. are building the rig for their No. 6 well.

Scratch scratch scratch unable to attend to business during the day or at night. Itching piles plague Doan's Ointment your face. At any drug store.

### FIRST IN THE FIELD.

J. H. Williams, at the Manhattan, was the first man in Lima to receive oysters this season, the first consignment coming in on Sunday. Any body can handle oysters in the winter but Williams is the one man in Lima who handles them in season. Call the Manhattan, both 'phones. 7-11.

### BELOW COST.

25 yds. to muslin for \$1.00 with a \$2.00 purchase. H. I. Border, 601 North Main street. 274 tf.

## ACROSS THE ISTHMUS

Interference With Traffic Will Not Be Tolerated.

UNITED STATES WILL KEEP IT CLEAR.

Two Warships Dispatched to Panama and Colon to Safeguard American Interests, as Affairs There Have Taken a Serious Turn—Landings of Marines May Be Necessary.

Washington, Sept. 12.—In his dispatches ordering warships to the isthmus of Panama, Secretary of the Navy Moody instructed the commanders of the battleship Wisconsin and the cruiser Cincinnati to enforce our treaty stipulations with Colombia strictly by preventing any interference with traffic across the isthmus, and also to prevent a bombardment of Panama from the sea on the ground that this in itself would be a menace to traffic. Neither the Wisconsin nor the Cincinnati carries a very large marine contingent but any lack in this respect it is said can be made up by equipping jacks for shore duty should it become necessary to land a force on Colombian soil to enforce the guarantees of the treaty or to protect American interests. The late developments were Panama came as a surprise to officials of the state and navy departments. Affairs in that quarter had quieted to such a degree that only the little gunboat Ranger kept watch. The Marietta was keeping a close eye on the trend of affairs in Venezuela and the Cincinnati was performing a similar duty in Haiti. The emergency arose so suddenly therefore that Haiti must be left unwatched by an American war vessel during the interval between the departure of the Cincinnati for Colon and the arrival of the Montgomery in Haitian waters. It is thought that the center of trouble is likely to be at or near Panama city and it is for that reason and because of the small size and complement of the Ranger that the big Wisconsin has been dispatched to the scene. Later the officials of the navy department decided to take no chance of an insufficient landing force in case of an emergency on the isthmus and orders were sent forward to the United States steamship Panther which is now enroute to League Island to take aboard a battalion of marines upon her arrival and proceed to Colon.

**Utah Republicans.**  
Ogden Utah, Sept. 12.—The Republican state convention nominated Joseph Howell of Wellsville, Cache county for congress and Judge William McCarty of Sevier county for supreme court justice and adopted a platform in which mention of Cuban reciprocity was omitted. Friends of Congressman Sutherland who was one of the Republican insurgents on the reciprocity question in the last session of congress was disappointed that specific endorsement of the president's Cuban policy should have no place in the platform and they prevailed. In this they were aided by the Church people, who insisted that a compromise platform cordially endorsing President Roosevelt's administration be adopted but leaving out direct reference to the proposed 20 per cent reduction.

**St. Louis Bribery Case.**  
St. Louis, Sept. 12.—The principal items of interest in connection with the investigation being carried on by Circuit Attorney Folk into the alleged boodle combines in both branches of the municipal assembly were the return of Former Delegate William Tamblin from Cleveland in the custody of an officer and the sessions of the grand jury. Before being placed in a cell Tamblin asked to see Mr. Folk. His intention was to tell all he knew about the doings of the combine in the house of delegates, but he finally decided not to say anything at this time. Mr. Folk said that he had all the evidence needed to convict the members of the house combine.

**Mistaken For a Burglar.**  
Middlesboro Ky. Sept. 12.—Mistaking his brother John for a burglar, Sam Kendlewood shot and killed him at Ironwood, Va. John D. Kendlewood, it seems, went out to get a drink of water. His brother was awakened by his return, and, seeing a pistol which lay under his pillow, he shot him dead. Another story is that the brothers quarreled, but Sam Kendlewood declares the killing was accidental.

**Sailor's Costly Prank.**  
New York, Sept. 12.—Mac McCarthy a sailor on the battleship Kearsarge was turned over to the New York city police by Rear Admiral Higginson. It is charged that a few days ago MacCarthy, while walking along the Bowery, sportively emptied a can of hot green corn over Jacob Cahn, who was selling it on the street. Cahn died of the scalds he received.

**Was Deranged.**  
Piedmont, W. Va., Sept. 12. Perry A. Minshall a well-to-do merchant, land owner and president of the electric light company here while temporarily insane, shot and killed himself with his young son's toy rifle. Stomach trouble is supposed to have deranged his mind.

**General Miles Departs.**  
Washington, Sept. 12.—Lieutenant General Miles left here for the west, and will sail from San Francisco on the transport Thomas for the Philippines, where he will make a tour of inspection of the army in the islands.

## RENDER HONOR

To Whom Honor is Due, At All Times.

We would say to the afflicted that Dr. Wood's new plan of treatment is a perfect success. From all sources we hear Dr. Wood's name spoken in the highest terms. An interview with this gifted man will at once convince you of his superior knowledge and capacity for deep study he having spent over thirty-five years of his life in behalf of suffering humanity. A great actor can only be known when he has assumed some principal character in a great drama, and Dr. Wood, Toledo's great specialist, has been a great actor in a great drama, that of healing the sick and those that in the desert he has led out with them the palms of victory. Death and apparent decay, broken health, wealth itself, nothing brings with it a fresher appearance than that which do more toward attaining, he had features than all the imported gowns and French bonnets and sun. It is a steady research and experience that has unlocked the secrets. Many precious lives have been sacrificed through neglect to cure suitable treatment. There are cases which no skill can reach but they are comparatively few. There is no subject of so much importance to the human family as that of health and the best methods of preserving it or restoring it in cases where it is all.

We as a human race are constantly passing under a change. The seasons are not only changing but the human system also and new diseases are every year making their appearance. We all have life before us, once only can we live it. Why not strong and well? Dr. Wood has with remarkable success treated the EYE, EAR, THROAT and LUNGS, GOITER, NECK, NERVE and BRAIN AFFECTIONS, CATARRH of the HEART and STOMACH, LIVER and KIDNEYS, painful affections of the BLADDER with difficult urination, specifically cured BRIGHT'S DISEASE, CHRONIC CONSTIPATION, PILES, CANCERS, EPILEPTIC FITS, PARALYSIS, RHEUMATISM, NEURALGIA, ASTHMA, HAY FEVER, ERYSIPLAS, SALT RHEUM, DROPSY and all skin and blood diseases.

**Special Attention Given To Diseases Of Women and Children.**  
All weakness peculiar to either sex no matter from what cause it arises, yield to the skillful treatment of Dr. Wood.

Ladies if you are afflicted with a persistent headache or any other ailment consult Dr. Wood. He is a man who others fail. He is a man who can be known to that effect. Consultation and advice free.  
DR. WOOD HAS BEEN AT THE LIMA HOUSE SINCE MONDAY LAST AND OWING TO HIS EXTENSIVE BUSINESS WILL BE OBLIGED TO REMAIN MONDAY NIGHT. SEPT. 15TH. PRICES REASONABLE. OFFICE HOURS 8 TO 12 A.M. 1 TO 5 AND 7 TO 9 P.M. DRESS WITH STAMP ENCLOSED 125 TWELFTH STREET 100 000.

He cordially invites any who wish to call (consultation and advice free). Thousands who have recovered from Dr. Wood's treatment and success. Hundreds of references in testimonials can be furnished on application.

**REFERENCES.**

O. M. Byron, Chicago. Rev. John G. Don, Detroit. John Shaffer, 22 Elm Street, Cleveland. Herman Schmitt, 10 Berne, Cleveland. C. H. Wilson, Cleveland. J. Kruffner, Summit Street, Cleveland.

**Findlay, Oh.**  
For years I have been afflicted with Salt Rheum in my hands. I tried both local and traveling physicians and no two agreed as to my case. Neither did they cure me. I finally consulted Dr. Wood and he treated me with all the others, but he said he could give me as smooth hands as I ever had. Of course I had but little faith after such a disagreement of the medical faculty. But I am happy to say that after two months treatment I am entirely well, and if any are suffering with like diseases, Dr. Wood will cure you if you will try his treatment.

**MRS. EDITH SNYDER.**  
HE IS AT THE LIMA HOUSE WHERE HE REMAINS UNTIL MONDAY EVENING, SEPT. 15. ROOM 105, 1ST. FLOOR TAKE ELEVATOR.

Don't delay a minute. Cholera, infantum, dysentery, diarrhoea, come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Cherry always on hand.

**MARRIAGE****Terminated Unhappily  
for Mrs. Webb****Who Sues for Divorce in  
Auglaize County.**

The Couple were Married at Wapakoneta But Made Their Home in Lima Where They Separated.

Auglaize county has a divorce petition on file which is of local interest because of the fact that the trouble which led to a separation occurred while the husband and wife were living in Lima.

The plaintiff is Christina Webb, who was married to Edward F. Webb, on the 14th day of August, 1892, at Wapakoneta, and according to the Auglaize County Democrat, which publishes the allegations contained in the petition, Mrs. Webb makes the following complaint:

After their marriage, while residing in Lima, in 1898, he, without any cause or provocation whatever, deserted her and remained away from their home for a period of ten days; that he gave her no reason for deserting her and refused to inform her of his whereabouts during said time; that afterwards, in November, 1898, he returned, persuaded and procured her to leave her mother in Wapakoneta, and gave her the key to their house in Lima, and told the plaintiff that he would not live with her any longer, that she could have all of their household goods, and that they would play upon him, he remained away for two months; that during said time that she was so deserted she was left with no means of support for herself and the minor children, and she was compelled to do washing and such labor as he could procure to provide herself and children with the common necessities of life, although he was employed during said time and received wages \$12 per week; that he constantly and unjustly compelled her to move with him seven or eight times to different places. That in August, 1901, he, without any cause, came to their home in an intoxicated condition and cursed and assaulted her and choked, beat and struck and carried her down, and otherwise mistreated her in a shameful and malicious manner. Plaintiff says that neither she nor the said defendant have any property whatever, except a few household goods of little value, now in her possession.

WAYNE ST. CHURCH OF CHRIST.

Remember that next Sunday, Sept. 14, 1902, we will hold our Rally Day. At that service we wish every class to be filled. Look out for new scholars if you are loyally work to this end, we will have the largest attendance in the history of our school. Your class will be imperfect if you are absent. Be your part to make the service a success. And remember there is a hearty, loving welcome for all your friends, at all sessions of the school.

**NOTICE.**

The Scholz Institute of Music will give a concert Wednesday evening, Sept. 10, at the Congregational church, at 6 o'clock. Admission 25c. Tickets on sale at Van Gunten's music store.

# GREATEST Dissolution Sale.

Owing to continual illness, Mr. M. J. Werthheimer, of the firm of Loewenstein & Werthheimer, contemplates to retire from the business by January 1st next. In order to settle the interest of the retiring partner, we are compelled to reduce our large, complete and strictly seasonable stock, (all this season's purchase) of

## Men's, Youths', Boys' and Children's Clothing, Overcoats, Reefers, Top Coats, Pants, Hats, Caps, Gloves, Furnishing Goods and Shoes.

at prices without regard for profit or cost. Our object is to clean out the entire stock. A complete cleaning. This will give you an opportunity to buy strictly stylish merchandise, such as Lima or Allen County never saw before, to secure clothing of the most dependable kind, at less price than the same can be bought for at any store, either in this city, county or state. There are no better or more stylish clothing to be had than our stock at present contains. This is an opportunity not to be missed. Our assortment will appeal at once to you, our prices more so--as we have been in business here for many years and our reputation is at stake, as honest merchants; we can assure you that this is no FAKE SALE, but a positive DISSOLUTION SALE, as every article in the store has been reduced and nothing will be reserved. Note the following prices and be convinced that we positively will save you money; all we ask is compare--get other prices--get our prices and then judge for yourself. Get the first pick. The best is bound to go first--don't forget that.

SPECIAL NOTICE--No goods of any kind will be charged during this Dissolution Sale.

# HEAD END COLLISION.

Two L. E. & W. Trains Crash Together  
on Ft. Recovery Hill.

Passengers Badly Shaken Up,

The West Bound Passenger Train No. 5.  
Engineer Charles Losee and Fireman  
Paul Phillips Slightly  
Injured.

One of the most remarkable wrecks that ever occurred on the L. E. & W. railroad happened on the Lima Tipton division last evening at 6:37 o'clock when a west bound passenger train and an east bound freight train crashed together, head-on on Ft. Recovery hill about 13 miles west of this city. Two engines, a baggage car, one day coach, a tank car and one box car were badly wrecked, the engineer and fireman of the passenger train were slightly injured and the passengers on the west bound train were given a frightful shaking up. What was perhaps the most remarkable feature of the wreck was the fact that the crew of the passenger train and the passengers all escaped without any one of them being killed or seriously injured. The engineers on both trains saved their lives by jumping just before the crash came but the baggage master, conductor and brakeman and passengers on the west bound train knew nothing of the danger until the cars that occupied were dished and partly telescoped. Every person on board the passenger train received a severe shaking up but no one was injured enough to require the services of a physician.

## TRAIN NO. 5.

West Bound Passenger, Hit "Second Sixty-four" On the Hill.

The trains that were wrecked were west bound passenger train No. 5 which left this city about 4:30 o'clock, and the east bound second section of through freight train No. 64. They struck on the famous Ft. Recovery hill, one and one-half miles east of the town of Ft. Recovery. The passenger train was descending the hill at a high rate of speed when the engine of the freight train suddenly loomed up on the track only a few carlengths ahead, and in less time that it requires to relate the story the two engines had struck with a deafening crash and cars and locomotives were piled together a mass of wreckage.

As soon as the trainmen could determine the extent of the wreck and after they had happily ascertained that no one was either killed or seri-

ously injured a messenger was sent to the nearest telegraph station to notify the train dispatchers here of the accident and call for a wreck train. The wreck train and crew were sent from this city and the men worked at the scene of the accident all night before the track could be cleared for traffic.

## FIREMAN PHILLIPS

Jumped From the Top of the Passenger Engine's Tank.

The passenger train was in charge of conductor Charles Geibel, engineer Charles Losee and fireman Paul H. Phillips, with passenger engine No. 37, and the east bound freight train was in charge of conductor W. H. Hutchinson, engineer William Fess and fireman Jack Hanson, with mogul engine No. 131. When the big mogul loomed up in front of the speeding passenger train, fireman Phillips was on top of the tank of the passenger engine shoveling coal down to the coal gate. Engineer Losee first saw the freight engine and as he reversed his engine and threw the lever of his air brakes valve into the emergency notch he yelled to Phillips and in an instant both leaped for their lives. The big mogul engine was only a few carlengths ahead of them when they discovered the danger and Phillips had no time to climb down to one of the steps of the engine but had to leap from the top of the tank. The engines crashed together almost before he struck the ground and by the time he gathered his senses the wreck lay before him. He was badly shaken up and bruised but sustained no serious injuries. Engineer Losee jumped from the right side of the engine and fell violently the moment his feet touched the ground. He slid for some distance and one side of his face was badly scratched. He was also given a severe shaking up and sustained some painful bruises but feels that he was very fortunate to escape with his life.

Engineer Fess, fireman Hanson and conductor Hutchinson's head brakeman were in the cab of the freight engine and they too jumped for safety.

but as their engine was moving slowly when the wreck happened they had no opportunity of jumping out without injury.

Baggage master Chisholm was at work in the baggage car when the crash occurred and he was hurled to one end of the car and stacked up with trunks and valises but escaped with nothing more serious than a lot of scratches and bruises. None of the passengers complained of any injury more serious than a few slight bruises and the names of none of them were secured.

## FREIGHT TRAIN

Had Stalled on the Hill and was Backing Up When They Collided.

Second "sixty-four" was double headed when it passed Ft. Recovery, engineer Bowers and fireman Hentze being in charge of the lead engine, No. 47. The crew had a meeting order with west bound freight train No. 67 for Oakland, a small station at the top of "Recovery" hill, and went through Ft. Recovery in time to pass both No. 5 and No. 67 at Oakland but the train was a heavy one and the two engines stalled before they reached the top of the hill. Conductor Hutchinson, who was then on the head end of the east bound freight, ordered the forward engine to cut off and go to Oakland as they would not have time to double the hill and got into the "clear" at Oakland for No. 5. Engineer Bowers and fireman Hentze went on to Oakland and conductor Hutchinson returned to the rear end of his train and started to back down to Ft. Recovery, intending to go into the "clear" there for No. 5 and wait there for No. 67 to pass. Engine 47 passed the passenger at Oakland and the latter train went down the hill at a high rate of speed, the crew knowing nothing of the whereabouts of the freight train until its big mogul engine was seen on the main track only a few carlengths ahead of the passenger engine. The crew on the freight engine saw the passenger train approaching at full speed and fireman Hanson grabbed a "white light" and began "swinging them down" but it was impossible for the train to stop on the steep grade in so short a distance and the engines struck with terrific force. Engineer Losee remained at his post until he had done all he could to reduce the speed of the passenger train and his efforts doubtless saved many lives.

## REAR COACH

Was Saved From the Wreck and Passengers were Detoured around the Scene.

The rear coach of the passenger train was the only car in the train that was not more or less wrecked. The passengers were all transferred into this coach and engineer Bowers' engine was coupled onto it and the rear coach train was then detoured around the scene of the wreck.

Passenger train No. 47 was the most thoroughly wrecked of any of the rolling stock in the accident. It was thoroughly demolished and will probably be fit only for scrap when the wreck crew finish picking it up. The baggage car and smoker of the passenger train were also considerably wrecked as was also a tank car and one box car in the head end of the

(Continued on 4th page.)

# LIMA

And Findlay Both  
Lost Out.

The Dunkards

Accept the Proposition  
From Bellefontaine

And the Big Convention Will  
be Held in That City in  
May or June.

Proposition Has Not Been Made  
Public, But Committee Found  
the Grounds Better Suited  
to Their Purpose.

All sorts of rumors are afloat regarding the final decision of the Dunkards, who are supposed to have arrived at conclusions yesterday, but if a decision was reached, Lima is yet to be officially informed. No word has been received by the citizens committee and if the report that Bellefontaine was selected is true no reason for it has been vouchsafed by the Dunkard committee.

A member of the sect, but not connected in any way with the committee, made the statement in a local restaurant today that Lima lost the convention because there was no tender of free water or a guarantee of lodging at 25 cents a night. There is certainly a mistaken idea in that regard for it was thoroughly understood that every demand made by the committee was granted except the construction of buildings and as a substitute \$1,500 in cash was offered. As for the water both city and well water was guaranteed free as well as power for the pumping of it.

The Findlay Courier of yesterday made an almost positive assertion that the convention would be held there and from all accounts it is evident that no definite statement has been made to any city, unless it is Bellefontaine, leaving all of the other cities at sea.

A member of the citizens committee stated this morning that he had heard the Dunkards were willing to give Bellefontaine the convention if the citizens would make as liberal a proposition as Lima had submitted. That would be a rather dark way of proceeding and hardly looks possible, as the members of the Dunkard's committee purposely avoided becoming acquainted with any of the various propositions until they were submitted in writing and presented on or before the date mentioned.

## QUESTION SETTLED.

Bellefontaine's Proposition Accepted  
By the Dunkards.

Late this afternoon the Times-Democrat was able to settle the question definitely, and learned through the Bellefontaine Examiner that the county seat of Logan had really secured the meeting without a string tied to it. There were but three cities considered, Lima, Findlay and Bellefontaine and the last named city secured the prize.

The Bellefontaine proposition, which has not yet been made public, was considered to be the best, the committee having decided that above all other things the grounds were better suited for the convention. With that one exception no other comparisons were given out.

## VISITS

Exchanged by Citizens from  
Lima and Delphos.

Delphos Herald. — Mrs. Thomas Shreder returned to her home at Lima after a visit here with her mother, Mrs. Buck.

Miss Rose Taylor of Lima, is visiting her sister, Mrs. Blockberger, for a few days.

W. C. DeWeese made a business trip to Lima this morning.

Miss Marie Hegeman, of Dayton who has been visiting here with Mrs. Louis Mueller, went to Lima this morning.

John Schooley went to Lima this morning, and tomorrow will undergo an operation for hernia at the hospital.

Miss Anna Holmstrom returned from a short visit at Lima this morning.

# Dress Skirts

## Walking Skirts,

New Fall Skirt Waists and Silk Waists.

## DRESS SKIRTS.

Good thing that we looked ahead here; don't have to put up with the take-what-you-can-get policy of any maker. We ordered early and we've got the garments. You'll want them when you see them.

Dress Skirt Special for \$5.00.  
Dress Skirt Special for \$6.50.  
Dress Skirt Special for \$7.50.

# NOT

Able to Find Any  
Property

To Levy Upon

And Assistance of the  
Court is Sought.

Proceedings in Aid of Execu-  
tion Against John Brown  
Continued

And the Hearing Set by Judge Mil-  
ler for Thursday, Sept. 25—  
Defendant was Ready  
for Trial.

Proceedings in aid of execution in the case of Mary Jane Pangie vs. John R. Brown, of Delphos, were to have been had in Probate Court this morning, but on motion of the plaintiff's attorneys the case was continued until Thursday, Sept. 25.

In this case the defendant had judgment taken against him in Common Pleas Court following which a writ of execution was issued to the sheriff who reported that there was no property to be found on which to make a levy. The plaintiff was not satisfied with the situation and the proceedings set for today were for the purpose of disclosing whether or not there really is any property that can be taken to meet the judgment.

The attorneys for the plaintiff made the statement this morning that they were not ready to proceed as further time was necessary to make investigations in Putnam and Paulding counties. It was also desired to make the Delphos Building and Loan Association a party defendant. Judge Miller on those representations granted a continuance to the date mentioned, at the plaintiff's costs. Motter, Mackenzie & Westlock, and Reeve & Lindeman, of Delphos, represent the plaintiff and Richard Leland & Roby the defendant.

## Court House Briefs.

The omission of a single figure in the published report of the superintendent of the children's home made a noticeable difference in the balance of money on hand after the payment of expenses. Instead of a balance of \$989.71 the total should be \$1,509.74, which leaves the institution a thousand dollars better off.

Deputy Probate Judge Galespie is confined to his home by complications arising from a severe cold.

Attorney Horace A. Reeve of Delphos was prevented from being present at a hearing in Probate Court this morning on account of illness. His partner at law, Judge Lindemann, was present.

Miss Vernie Driver, who has been working in the Recorder's office, is assisting now with the work in the Clerk's office.

Will Hear the Other Side.  
Lanman E. Bloomfield, of Van Wert, who was made defendant in a divorce and injunction suit filed this week has engaged counsel to look after his interests and an answer to the petition will likely be filed within a short time. Attorney Joseph W. Askins of Van Wert, will conduct the defense.

Infirmary Directors Report.  
Following the annual report of the superintendent of the children's home is one filed by the directors of the Allen county infirmary, which gives in detail the expenses of running the institution, the total cost of which was \$8,771.57.

When the last report was filed there were 91 inmates, 30 women and 61 men, and since then twenty-eight have been received, 23 men and 5 women, making a total of 84 men and 35 women during the year. There are now being cared for, 44 men and 25 women.

Aside from provisions, clothing cost \$195, bedding \$40.50, dry goods \$89.34, and shoes \$56.55. The value of the farm products was \$4,000, and for out door relief including medical attendance, coffins, digging graves, transportation food fuel and clothing, \$5,390.23 was expended.

During the year 5 men and 1 woman have died, 23 men were discharged, 5 women found other quarters, 6 men were sent to other institutions and four women transferred.

Real Estate Transfers.  
Okonoxy lodge No. 201, I. O. O. F. to John K. Williams, twelve feet and 3 inches off the north side of lot No. 30, Delphos, \$7,500.

Simon H. H. to Jacob Good, 30 acres of land in Morgan township, \$1 and other considerations.

## FALL FASHIONS

In Millinery and Ladies' and  
Children's Furnishings.

Select Stock and Great Improve-  
ments at Mrs. F. Light's  
Popular Store.

Mrs. F. Light has made wide and thoughtful preparations to meet the demands of her growing trade. Catering, as she does, to the best people in the city, it is necessary that she take thought in advance, and lay in such stock as will suit numerous and critical customers. To that end she has made a visit to New York, and ordered from the wholesale houses there the latest and best goods in the market; and is ready to supply them in the latest modish styles.

Those who buy from Mrs. Light can be assured that they will not only be furnished with the best styles, but also with the best materials, workmanship and fit, in whatever they order. She has a reputation to maintain in her millinery, and her ladies' and children's suits are always in the lead—in fabric, fashioning and fit. The only mistake that can be made is by failing to go to her for such goods.

In order to better deposit and display her large and varied purchases of fall goods Mrs. Light has made extensive improvements to her store, at No. 134 north Main street. Better accommodations have been provided for workers and customers; greater storage for stock; additional facilities for exhibition—including the enlargements and great improvement otherwise of the show windows. These improvements have been expensive; but were found to be necessary to the growing trade. They all show enterprise, and a determination to be up-to-date in all matters of business. They point to the person and the place where, and with whom, it is pleasant and profitable to trade.

## Live Stock Market.

Fast Liberty, Sept. 12.—Cattle light steady. Hogs 15 double decks, steady sheep light, steady.

## The Weather.
